The U.S. Air Force’s Network Centric Solutions 2 (NETCENTS-2) contract consists of a collection of acquisitions that have replaced the current NETCENTS contract vehicle with seven separate indefinite delivery, indefinite quantity (ID/IQ) contracts. The total value of NETCENTS-2 is $24+ billion over a seven-year period. NETCENTS-2 is managed by the AFPEO Business Enterprise Services (BES) at Gunter Annex, Maxwell AFB. Under that NETCENTS-2 NetOps and Infrastructure Solutions Full and Open ID/IQ contract structure, Tyto Athene could provide an indefinite quantity of supplies or services through 2025 as this $5.6 billion ID/IQ contract provides a full range of information technology services and solutions.

NETCENTS-2 ORDERING PROCESS:

1) All solicitations must be published through AFWay (afway.af.mil)
2) Specific steps outlined in the AF Ordering Guide (netcents.af.mil)
3) PWS templates include common standards and compliance
4) Customer Service, Contracting Officer, Staff Engineering support available
5) Use of ID/IQ contracts allows customers to write orders instead of contracts (saves contracting officer and acquisition effort)
